Newsletter 6 - June 2022

GENERAL ASSEMBLY-DOCTORAL 2022

It is with pleasure that this year all the IHPE agents were finally able to meet face-to-face, on May 19 and 20, at the Mileades Center in La Grande Motte.

Congratulations to the PhD students who offered high quality presentations! (however, beware of logos and species names in italics!).

The General Assembly was an opportunity to present the various working groups that are being set up at IHPE, in particular on ABS (Access and Benefit Sharing) in connection with the Nagoya Protocol (M.A. TRAVERS, who is now our ABS representative); Quality of Life at Work with Psycho-Social Risks (J.M. ESCOUBAS & J. POUZADOUX); and Parity (C. MONTAGNANI & A. MODAT).

Do you want to get involved in the QVT or Parity groups? **Manifest yourself!**

This year's teambuilding was led by the [Kimiyo](#) association on the theme "wine and sensory analysis".

According to the satisfaction survey (63% response), the two-day outdoor formula remains popular, with however a little more free time and more sporty teambuilding!

Next scientific day at the end of October/beginning of November.

PEOPLE

HDR

Congratulations to Jérémie VIDAL-DUPIOL who defended his "Habilitation à Diriger les Recherches" (a french degree which confers the right to manage Ph.D students) "Response, acclimatization and adaptation of marine invertebrates to biotic and abiotic environmental changes" on May 13 at the University of Perpignan (pdf online on HAL-Tel [03682593](#))

THESIS

Congratulations to Janan GAWRA who defended his thesis "Determinants and relative weight of genetic and epigenetic variation in the resistance of the oyster *Crassostrea gigas* to the Pacific Oyster Mortality Syndrome" on May 23 at the University of Perpignan (the pdf will be posted online in the year by the Doctoral School).

VISITS

- [Claudia BOMMARITO](#) (Post-doctoral Fellowship: Geomar lab. Germany) honored us with her visit on May 24, 2022
- [Emmanuelle BOTTE](#) (Research Officer: Center for Marine Science and Innovation, Univ New South Wales, Australia) from June 14 to 16, 2022
- [Gilda PADALINO](#) (post-doctoral fellow: Institute of Biological, Environmental & Rural Sciences, Univ. Aberystwyth. England) from June 20 to 24, 2022
- [Eric GANGLOFF](#) (Assistant Professor: Ohio Wesleyan Univ. USA) will be present at IHPE from June 22 to 24, 2022 in Perpignan then Montpellier
- [Maude JACQUOT](#) and [Germain CHEVIGNON](#) (Ifremer, ASIM Unit - Adaptation and Health of Marine Invertebrates. La Tremblade) on June 23, 2022 in Montpellier

DEPARTURE

Ingo BULLA (IR CNRS Bio-mathematics) has decided not to request his reinstatement at the CNRS following an absence due to illness. His illness is proving incurable for the moment and he has made the decision to join his family in Germany.

RECRUITEMENTS

- The auditions for the position of Senior Lecturer at Univ. Perpignan/IHPE took place on May 13, 2022. We are waiting for the official appointment
- The auditions for the Junior Professor Chair Univ. Perpignan/CNRS/IHPE will take place on June 17, 2022.

FOCUS

EXPERTISE FOR WHO

On Wednesday May 18, Jérôme Boissier was invited as an expert to the first meeting of the WHO Technical Advisory Group on the subject "Manual for control of zoonotic schistosomiasis"

DAY of the CNRS Ecology Environment Biodiversity Institute

The 1st "Ecology Environment Biodiversity Day" was organized in duplex in Montpellier and Perpignan on May 31, 2022. IHPE was well represented with interventions by Boris SAVASSI (from Benin), Juliette LANGAND and Philippe DOUCHET.

Invited at Lyon (France) on June 2, 2022 for the same event coupled with the intertioTron meeting, Delphine DESTOUMIEUX-GARZON presented the One Health issue in the marine environment.

RIVOC DAY

Jérôme BOISSIER is co-organizer of the animation day "Vector risks and vectors: links and synergies between the Corsica and Occitanie regions" of the Défi Clef [RIVOC](#) on June 23, 2022 by videoconference ([program](#)).

LAB LIFE

PERPIGNAN

The Perpignan vertebrate animal facility has received its approval. It is valid for 1 year in order to give us the opportunity to answer the requirements, in particular concerning training in animal experimentation (several in progress, others scheduled). A big thank you to all the actors who made it possible to obtain this approval in a record time of 3 months. Special thanks to University of Perpignan and Jérémy AFCHAIN (prevention adviser).

MONTPELLIER

The second phase of the EXAAQT platform work will begin on June 15, 2022
Thank you to everyone who participated in the evacuation of the premises!
Take your precautions regarding noise and vibrations which are to be anticipated in the last week of June.

SCIENTIFIC PRODUCTION

Publisher link from the title, Ful-text from HAL

- [Schistosome dideptide of love](#) (Boissier) HAL [03673250](#)
- [Vibrio splendidus infection induces dysbiosis in the blue mussel and favors pathobiontic bacteria](#) (Travers) HAL [03689842](#)
- [The active microbiota of the eggs and the nauplii of the Pacific blue shrimp Litopenaeus stylirostris partially shaped by a potential vertical transmission](#) (Giraud, Boulo) HAL [03691401](#)
- [The tropical coral Pocillopora acuta displays an unusual chromatin structure and shows histone H3 clipping plasticity upon bleaching \[version 2; peer review: 2 approved\]](#) (Cosseau, Mitta, Grunau, Vidal-Dupiol) HAL [03315093](#)

Find all the production of IHPE on HAL open archive platform [here](#)

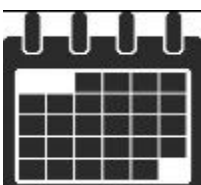

REMINDER OF GOOD PRACTICES FOR SCIENTIFIC PUBLICATIONS

You are asked to:

- write your contact details and acknowledgments in publications according to the IHPE charter ([pdf](#)),
- have your manuscripts proofread by Anne before submission,
- select journals from quartile 1 ([excel list](#) of journals in the fields in which IHPE publishes) rather than a high impact factor,
- notify Anne of the publication for deposit of notice and manuscript on the open archive platform [HAL](#) within the framework of IHPE's [Open Science policy](#)

And for those who still haven't done so: create your ID-HAL.
Anne can help or follow a one hour webinar [here](#).

DIARY

- June 24, 11:30 a.m. Seminar by Eric GANGLOFF (videoconference) organized by the CEMEB
- July 1, 9:15 a.m. Seminar by Carolane GIRAUD (visioconf Journal Club)

All important appointments for IHPE can be found in the online agenda (synchronizable).

The zoom and google doc links can be found on the intranet.

TOOLS

The laboratory provides you with many communication tools:

- IHPE [intranet](#) (Internal rules, charters, logos, calls for projects, training, doctoral space, meeting reports, internal videos, videoconference URLs, etc.)
- [Internal mailing lists](#) (to be found on the intranet)
- [twitter](#)
- [linkedin](#)

Submit your needs and proposals!
