

SABRI Chaimaa

Functional Biology and Ecology student

My Contact

✉ chaimaa.sabri.cs@gmail.com

☎ +33 768 08 95 80

📍 Perpignan, 66100

Technical Skills

- Molecular biology techniques: DNA extraction, PCR, electrophoresis
- Microbiota analysis
- Biochemical and chemical analysis: HPLC, GCMS, spectral techniques.
- Bioinformatic tools (FROGS, Obitools, Quiime2)
- Library preparation
- Statistical analysis (Rstudio)

Soft Skills

- Observation
- Decision making
- Communication
- Multi-tasking

Languages

- French: Bilingual
- English: Fluent
- Arabic: Native language
- Spanish: Beginner

Center of Interest

Various :

- Photography, reading, sports and travelling.

Extracurricular :

- Former manager of a junior company "boxes with wonders " creation of products by recycling supervised by Injaz Al Maghreb.

Education Background

2023-2024 - (Current)

Master's Degree in Functional Biology and Ecology - Perpignan & Toulouse, France (Rank: 5/9, M1 : 13.696)

2022-2023

Bachelor's Degree in Integrative Biology - Perpignan, France. Graduated with honours (Rank: 15/34).

2020-2021

Bachelor's Degree in Biochemistry, Genetics, Microbiology - Settat, Morocco. Graduated with honours (Rank: 2/35)

2016-2017

Scientific baccalaureate in physical sciences - Agadir, Morocco. Graduated with honours.

Professional Experience

November 2023 - May 2024

Advisors: Eve Toulza & Camille Clerissi

End-of-Study Internship for Master's Degree at IHPE Laboratory, Perpignan, France.

Subject: Investigating the Role of Holobiont-Associated Microbes in the Rapid Adaptation of Corals to Thermal Stress.

January - June 2023

Advisor: Sarah Leclaire

Junior Lab Research Project at EDB Laboratory, Toulouse, France.

Subject: Exploring the Contribution of Feather Microbiota to the Production of Odor in Seabirds: Implications for MHC Information Production.

May 2022 - June 2022

Advisors: Boissier Jerome & Harb Assaf

Internship at the Microbiology Laboratory of the Cebiodi Laboratory at Ste-Anne, Ste-Remi, and Saint Jean Hospital, Brussels, Belgium.

Subject: Investigating Zoonotic Disease: Cryptosporidiosis.

May 2021- July 2021

Advisors: Dari khadija & Elmahdi Zhouri

Internship at the Zenith pharmaceutical microbiology laboratory, Agadir, Morocco.

Subject: Microbiological Control of Pharmaceuticals.

June 2018

Observation internship at the Mahfoud medical analysis laboratory, Agadir, Morocco.
